

INTRODUCTION

In today's connected world, radio has transformed into a truly anytime, anywhere, anyhow experience.

The MIDAS Survey is designed to provide context and insight into how when and where radio content is being consumed in this liberated environment.

With the increasing penetration of connected devices such as tablets and smartphones, MIDAS shows how listeners are embracing the multi-platform and multi-device offering, as well as how radio-ondemand is contributing to listening behaviour. It also reveals the activities they are doing whilst listening, where they are listening, and who they are listening with.

'Live Radio' listening hours are dominated by traditional AM/FM and DAB Radio sets <u>(AM/FM Share = 44%,</u> <u>DAB = 36%)</u>. Devices connected to the internet have a much smaller share of listening hours (Any TV 5%, Desktop/Laptop 6%, Smartphone 3% and Tablets 0.4%)

Radio Apps are popular amongst radio listeners - **22.6 million or 42%** of the UK population have downloaded a Radio App, including **4.7 million (58%)** of 15-24 year olds and **5.3 million (59%)** of 25-34 year olds. Over half **(55%)** of all users who download a Radio App use it on a weekly basis.

MIDAS Spring 2016

PODCASTING

3.8 million adults use any Podcast, whether it be Speech or Music. The Smartphone is the most popular way to listen to a Podcast with a reach of **53%** (Adults 15+). Almost two thirds of all Podcasts downloaded are listened to (**65**%).

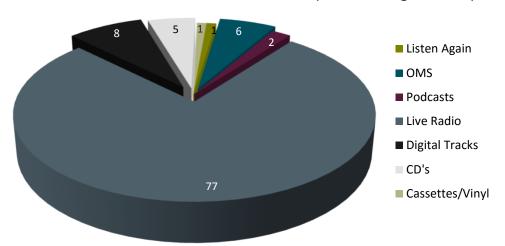

4.5 million adults use the 'listen again' or 'catch up' radio function.

Desktops/Laptops are the device of choice with **53% share** of all 'listen again' listening hours. **71%** of all 'listen again' hours are listened to in Home.

89% of Listen Again/Catch Up Radio hours are listened to alone.

AUDIO SHARE OF EAR % (excluding visual)

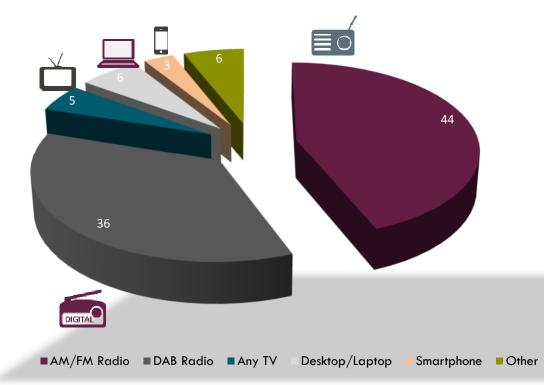

LIVE RADIO Listening by Device (Share %)

MIDAS Spring 2016

When it comes to listening to Live Radio, the traditional AM/FM radio has the highest 'share' of listening with **44**%. Listening via a DAB set has the second highest share of listening hours with **36**%.

Listening via TV **5**%, Laptop/Desktop **6% and** Smartphone **3%**.

"Other" devices include Tablets, Digital Music players and Wi-Fi Radios. This is based on the All Adults 15+ sample.

LIVE RADIO Listening by Activities (Share%) All Adults

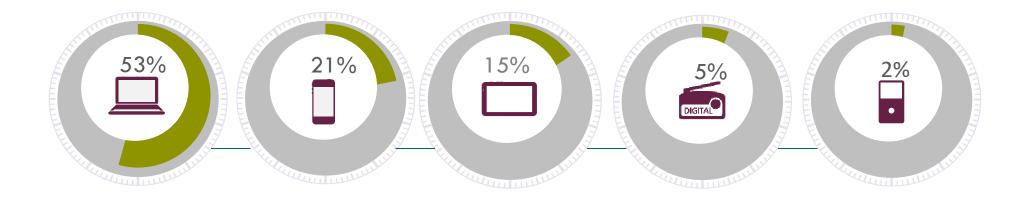

MIDAS Spring 2016

Working or Studying has the highest share of listening with almost a quarter (23%), followed 'Household Chores' or simply 'Relaxing' which represent a 'share' of 14% each, followed by Eating/Drinking/Cooking with a share of 9%.

21% of live radio hours are listened to whilst the listener is travelling somewhere...

'LISTEN AGAIN' by Device Share% (Adults 15+)

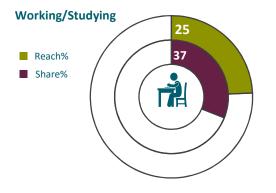

A Laptop or Desktop computer is the most favoured device to listen to 'Listen Again' or 'Catch Up' radio, with over half of listening hours (53% share). Smartphones have a share of **21%**, Tablets 15%, DAB Radio Sets(**5**%) and any Digital Music Player (**2**%)

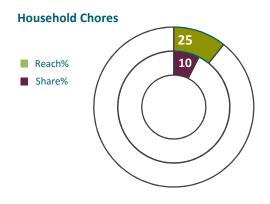

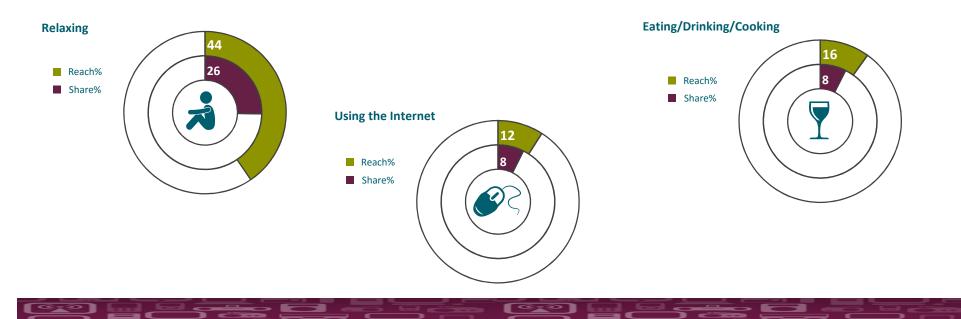

'LISTEN AGAIN' by Activity (Reach and Share %)

Relaxing and Working/Studying are the most popular activities whilst engaging in 'Listen Again' services with the highest Reach and Share of Hours.

MIDAS Spring 2016

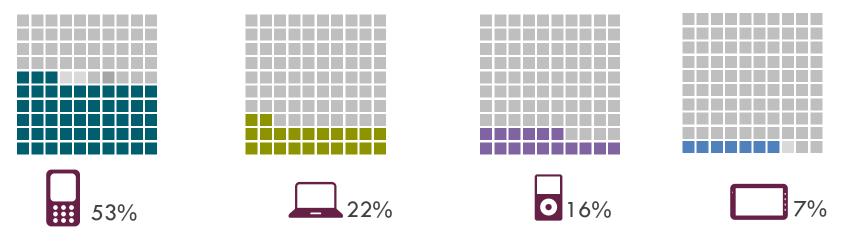

PODCASTS by Device (Share %)

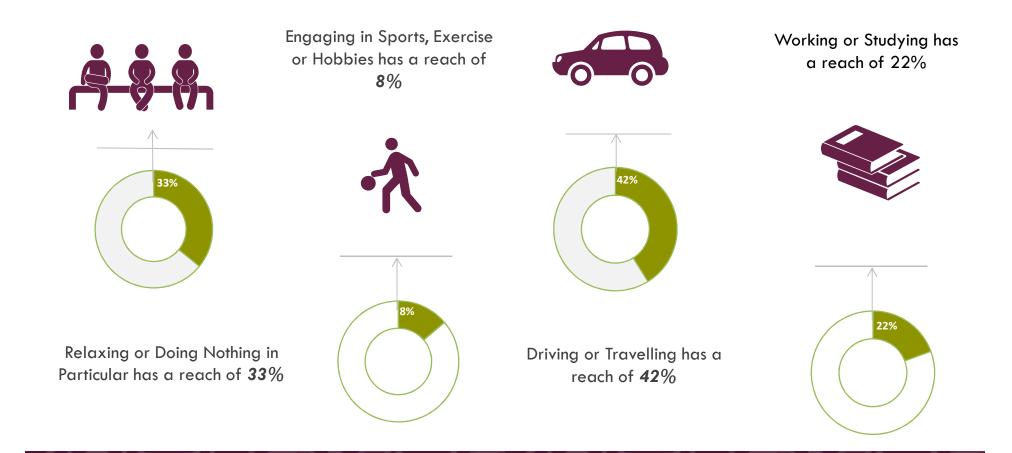

Listening to a Podcast is an activity normally undertaken alone so naturally we see connected mobile devices being used more frequently - Smartphones have a **53**% share of Podcast listening hours, while Laptops/Desktops have a share of **22**%, Digital Music players **16**% and Tablets **7**%.
